Message from:

آيَاتِهِ	لِيَذَّبَرُوا
its verses	so that they ponder

The Qur'an is sent down for:

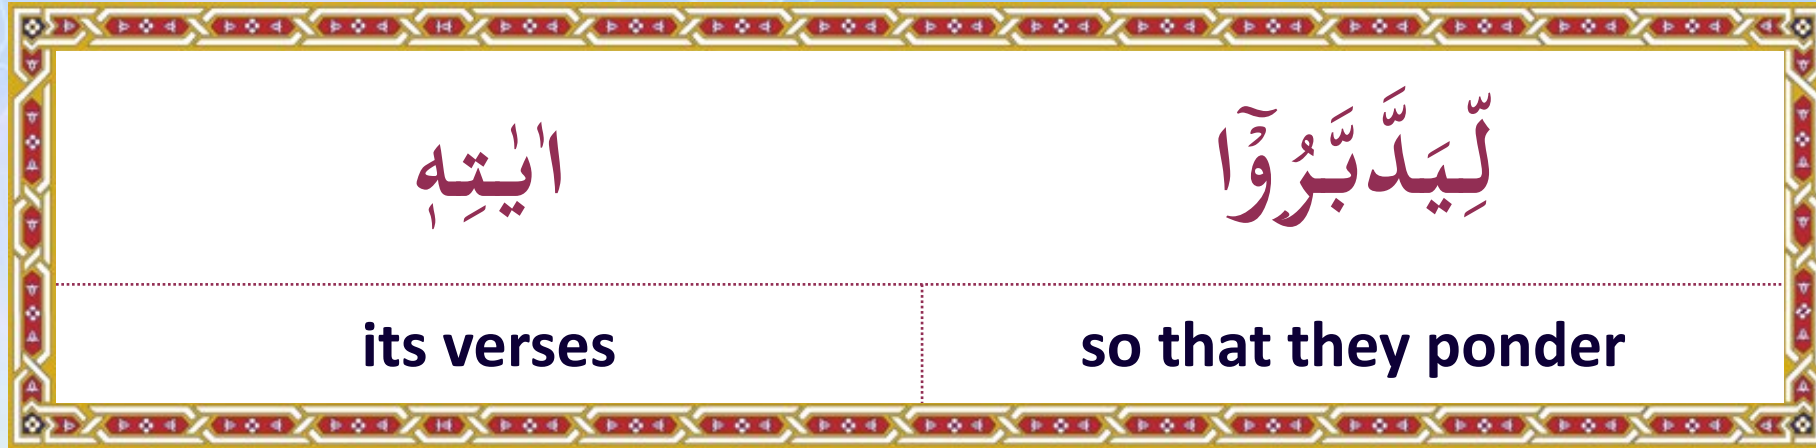

- (1) pondering; and
- (2) taking lessons from it.

Message from:

آيَتِه	لَيَدَّبَّرُوا
its verses	so that they ponder

- Pondering means to think over or reflect upon. You don't need to ponder while reading a newspaper. Reading it once is enough to get the message.
- But can you read a book of science, math, or commerce in the same way? No! You have to stop and think over or ponder.

Message from:

- If we realize the greatness of the book, we will be more motivated to ponder it. This book is sent by the Creator of this universe who was always there and will always be there; whose universe is so big that just to go out of our own galaxy, we will need 100,000 years if we travel at the speed of light (3,00,000 kilometers/sec). Allah sent it down from above the seven heavens.

Message from:

آيَاتِهِ	لِيَدَّبَّرُوا
its verses	so that they ponder

- To ponder the Qur'an or reflect upon it, you have to understand it first!

How to bring Quran into our lives?

First, let us look at our Relationship with the Qur'an

DPPR

- **Direct**
- **Personal**
- **Planned**
- **Relevant**

1. Direct

- **The Qur'an is Allah's word. Whenever I hear it or recite it, I should feel that Allah is directly addressing me. He sees me how I react to His words!**

2. Personal

- **Every verse of the Qur'an is for me. Let us not say that this verse is for kaafir, mushrik, or munafiq. I have to see what is there in it for me! Why did Allah address this to me?**

3. Planned

- Every grain is destined for someone to eat! In the same manner, each and every verse is destined for someone to hear or recite. If I heard Surah Qaaf in Fajr today, then it has something to do with what I am doing today.

4. Relevant

- **Qur'an is a reminder. Can Allah's reminder be irrelevant? I should ask O Allah! Why did you make me hear or recite this verse(s) today?**

Tadabbur

- means thinking over or pondering. Below is a simple method of Tadabbur for a common man. There are many aspects of Tadabbur but we are talking about basics only.

Conditions for Tadabbur

- **Study:** Study the verses repeatedly with understanding. Study brief commentary or tafseer if available.

Conditions for Tadabbur

- **Study:** Study the verses repeatedly with understanding. Study brief commentary or Tafseer if available.
- **Visualize:** Use your imagination to visualize what is stated there. For example, when Allah talks about the heavens or the earth, try to visualize them.

- **Visualize:** Use your imagination to visualize what is stated there. For example, when Allah talks about the heavens or the earth, try to visualize them.
- **Feel:** Recite with feelings. For example, recite the ayah about Jannah with hope and about hell with fear.

تَذَكُّرُ : Tadhakkur

- It means taking lessons or receiving admonition. Following is a simple method to do it.

Ask

- **Extract a du'aa from the passage you have learnt and ask Allah to help you implement what you are asking. For example, for the verse of this lesson: O Allah help me do Tadabbur.**

Ask

- Extract a du'aa from the passage you have learnt and ask Allah to help you implement what you are asking. For example, for the verse of this lesson: O Allah help me do Tadabbur.
- Just Du'aa is not enough. One should evaluate his performance and make plans. Otherwise it will be like a student who prays to Allah in Fajr, Zuhr, Asr, etc. to help him pass the exams but he does not go to school nor studies any book!

Evaluate

- **What have you done so far regarding the work related to Du'aa. For example, how much time did I invest last day in Tadabbur? If you did, alhamdulillah; if not, astaghfirullah.**

Plan

- **What is the plan regarding the work related to Du'aa. For example, how much time will you give for Tadabbur every day?**

Plan

Regarding the plan, we have to be careful and check one thing: When it comes to group or Fiqh issues or any new idea, then please check with scholars before you mention it to others or implement it.

Check

Regarding the plan, we have to be careful and check one thing: When it comes to group or Fiqh issues or any new idea, then please check with scholars before you mention it to others or implement it.

Plan

For common people like us, there are many areas that we can work on such as:

- **Relationship with Allah,**
- **obeying the Prophet pbuh,**
- **planning for the hereafter,**
- **different types of worship,**
- **morals, good dealings,**
- **dawah, ordering good and stopping evil,**
- **team spirit, etc.**

Propagate!
