Purpose of Revelation

Pondering over its verses.. i.e., Arabic verses.

Necessary to understand Quranic Arabic.

You may say, I can read a translation... but

Qur'an can not be translated

Example (I have to pick another language! So, I take Urdu here):

Qur'an can not be translated

Example (I have to pick another language! So, I take Urdu here):

Kaise kaise aise waise hogaye

Aise waise kaise kaise hogaye

Qur'an can not be translated

Example (I have to pick another language! So, I take Urdu here):

How how this that became! This that how how became!

**The beauty, the power, the balance, the depth,
selection of recurring and matching words, ...
everything is gone!**

If this can not be translated, how can Qur'an be?

Meaning what?

Even if you have read 100 translations of the Holy Qur'an, in simple terms you have not read it at all !!!

**The Qur'an is
Arabic Qur'an only!**

Please note that...

- **We are not negating the rewards (10 rewards for each letter recited)**

Please note that...

- **We are not negating the rewards (10 rewards for each letter recited)**
- **Not decreasing the value of translation**

Please note that...

- **We are not negating the rewards (10 rewards for each letter recited)**
- **Not decreasing the value of translation**
- **We will learn Arabic through the translation only.**

Please note that...

- **We are not negating the rewards (10 rewards for each letter recited)**
- **Not decreasing the value of translation**
- **We will learn Arabic through the translation only.**
- **But translation is not the destination!**

Message from:

And indeed	We have made easy	the Qur'an	to understand and remember

- The word Qur'an means that which is read often. Even its name has miracle in it. Indeed, according to even non-Muslims, Qur'an is "the most widely read book in existence" [Encyclopaedia Britannica].

Message from:

وَلَقَدْ	يَسَّرْنَا	الْقُرْآنَ	لِلذِّكْرِ
And indeed	We have made easy	the Qur'an	to understand and remember

- Qur'an is easy for learning, practicing, and for advising others too. Understand it well so that you learn its style, arguments, stories, and proofs thoroughly.

Message from:

وَلَقَدْ	يَسَّرْنَا	الْقُرْآنَ	لِلذِّكْرِ
And indeed	We have made easy	the Qur'an	to understand and remember

- Never ever think, say, or accept that the Qur'an is difficult to understand. Are you going to contradict this verse? (May Allah forgive us)

Message from:

وَلَقَدْ	يَسَّرْنَا	الْقُرْآنَ	لِلذِّكْرِ
And indeed	We have made easy	the Qur'an	to understand and remember

- Qur'an is easy to learn, but it is not automatic. You have to spend time and effort for learning it. The Prophet ﷺ said that Allah runs towards the one who walks towards Him. Let us start walking first and you will be amazed to see the results.

Message from:

وَلَقَدْ	يَسَّرْنَا	الْقُرْآنَ	لِلذِّكْرِ
And indeed	We have made easy	the Qur'an	to understand and remember

- Qur'an is easy to understand and take lessons from it. It is easy to see what Allah wants me to believe and to practice.
- Please don't mix it with Fiqh or legal issues. For that, we should go to scholars.

- The Prophet ﷺ mentioned the student first and then the teacher. This is a great honor for every student of the Qur'an.
- It also means that there is no end to learning the Book of Allah! Hence, we should keep learning more and more about it till we die.

- Till now, you may have attended thousands of classes but this class or a similar Qur'an class is the most valuable in the sight of Allah because we are learning the Qur'an.
- Learning the Qur'an does not mean just learning how to read it. It also means how to understand it, ponder it, implement it, etc.

The best of you	(is the one) who	learns the Qur'an	and teaches it.

- The Prophet ﷺ was sent as a teacher of the Qur'an. He taught the Qur'an by explaining it and practicing it. To learn the way the Sahabah (the companions of the Prophet ﷺ) learnt, first we have to learn how to read Arabic letters and words along with Tajweed. Don't stop there because the real learning of the Qur'an starts after it, i.e., how to understand it and practice it.

- On the Day of Judgment, the case of three people will be decided first. Among them will be a reciter of the Qur'an who used to recite to show-off. He will be thrown into the hell because of his wrong intention. Allah doesn't accept those deeds which are done to show others along with Him.

- Let us learn it to teach others for the sake of Allah because a huge majority is away from the Qur'an. Perhaps 90% of Non-Arab Muslims today do not understand the Qur'an. If we teach them the Qur'an, they will be able to convey it to others.
