Learning  
Tip

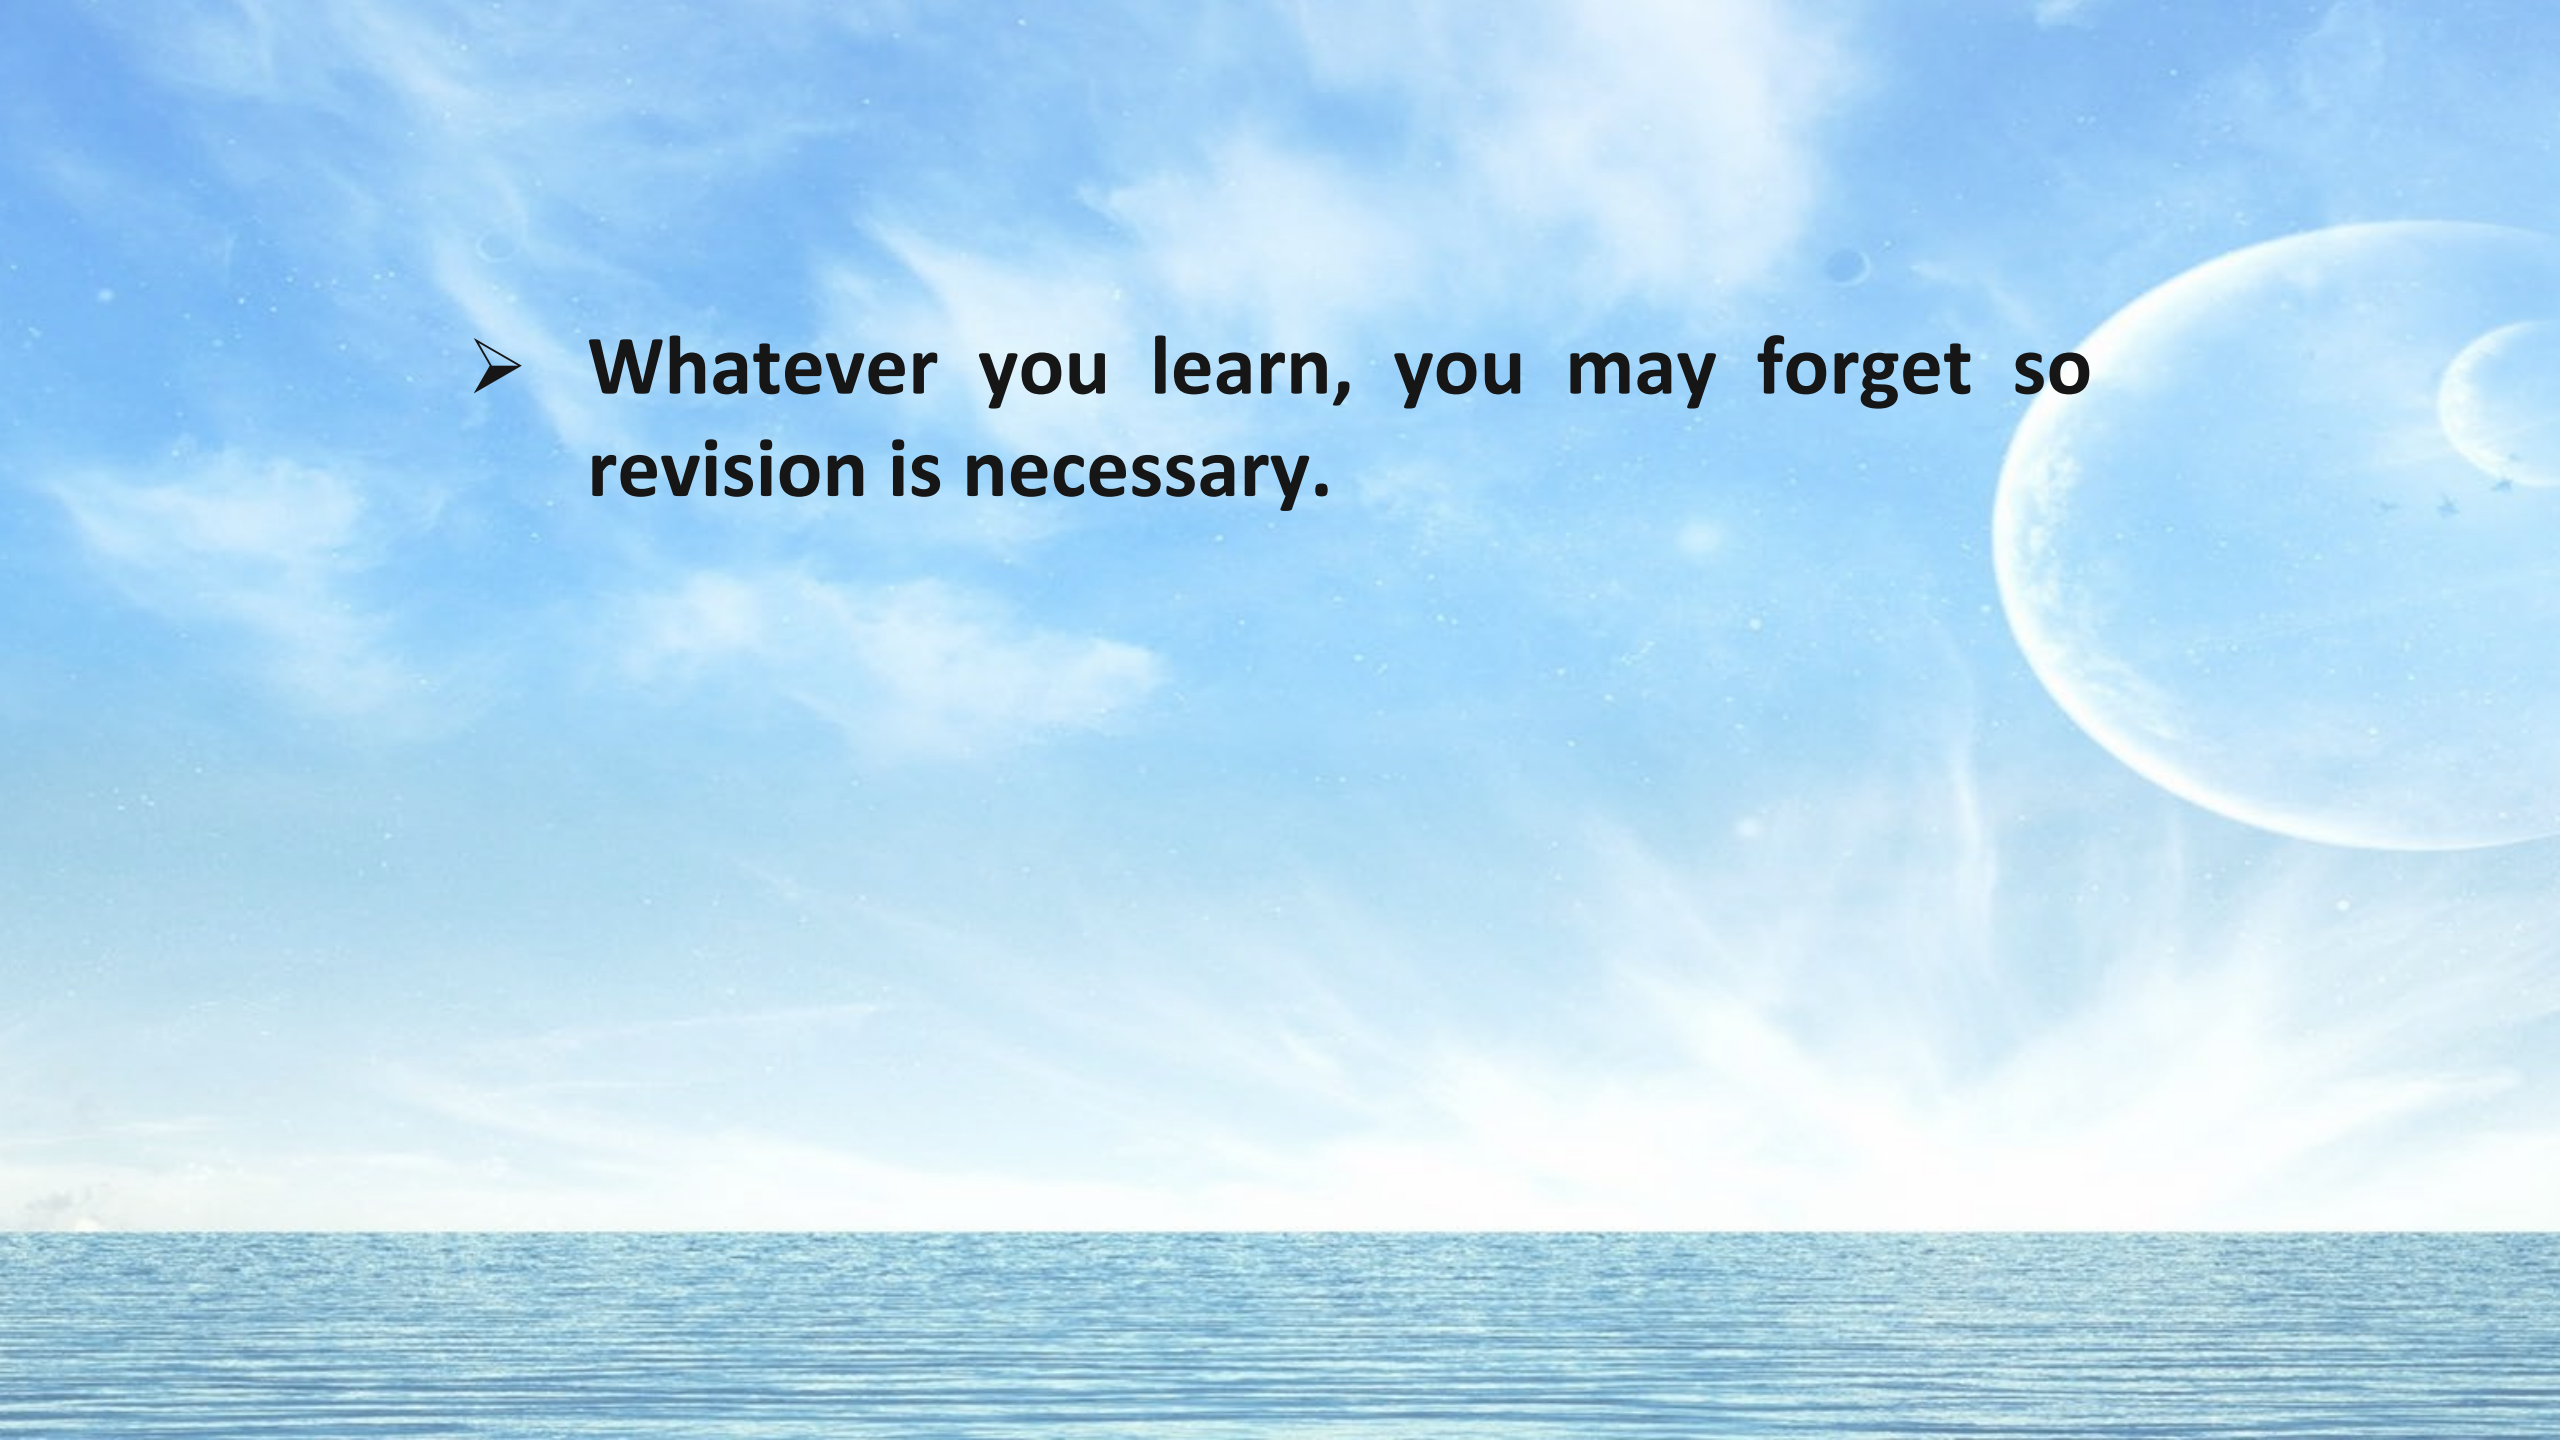

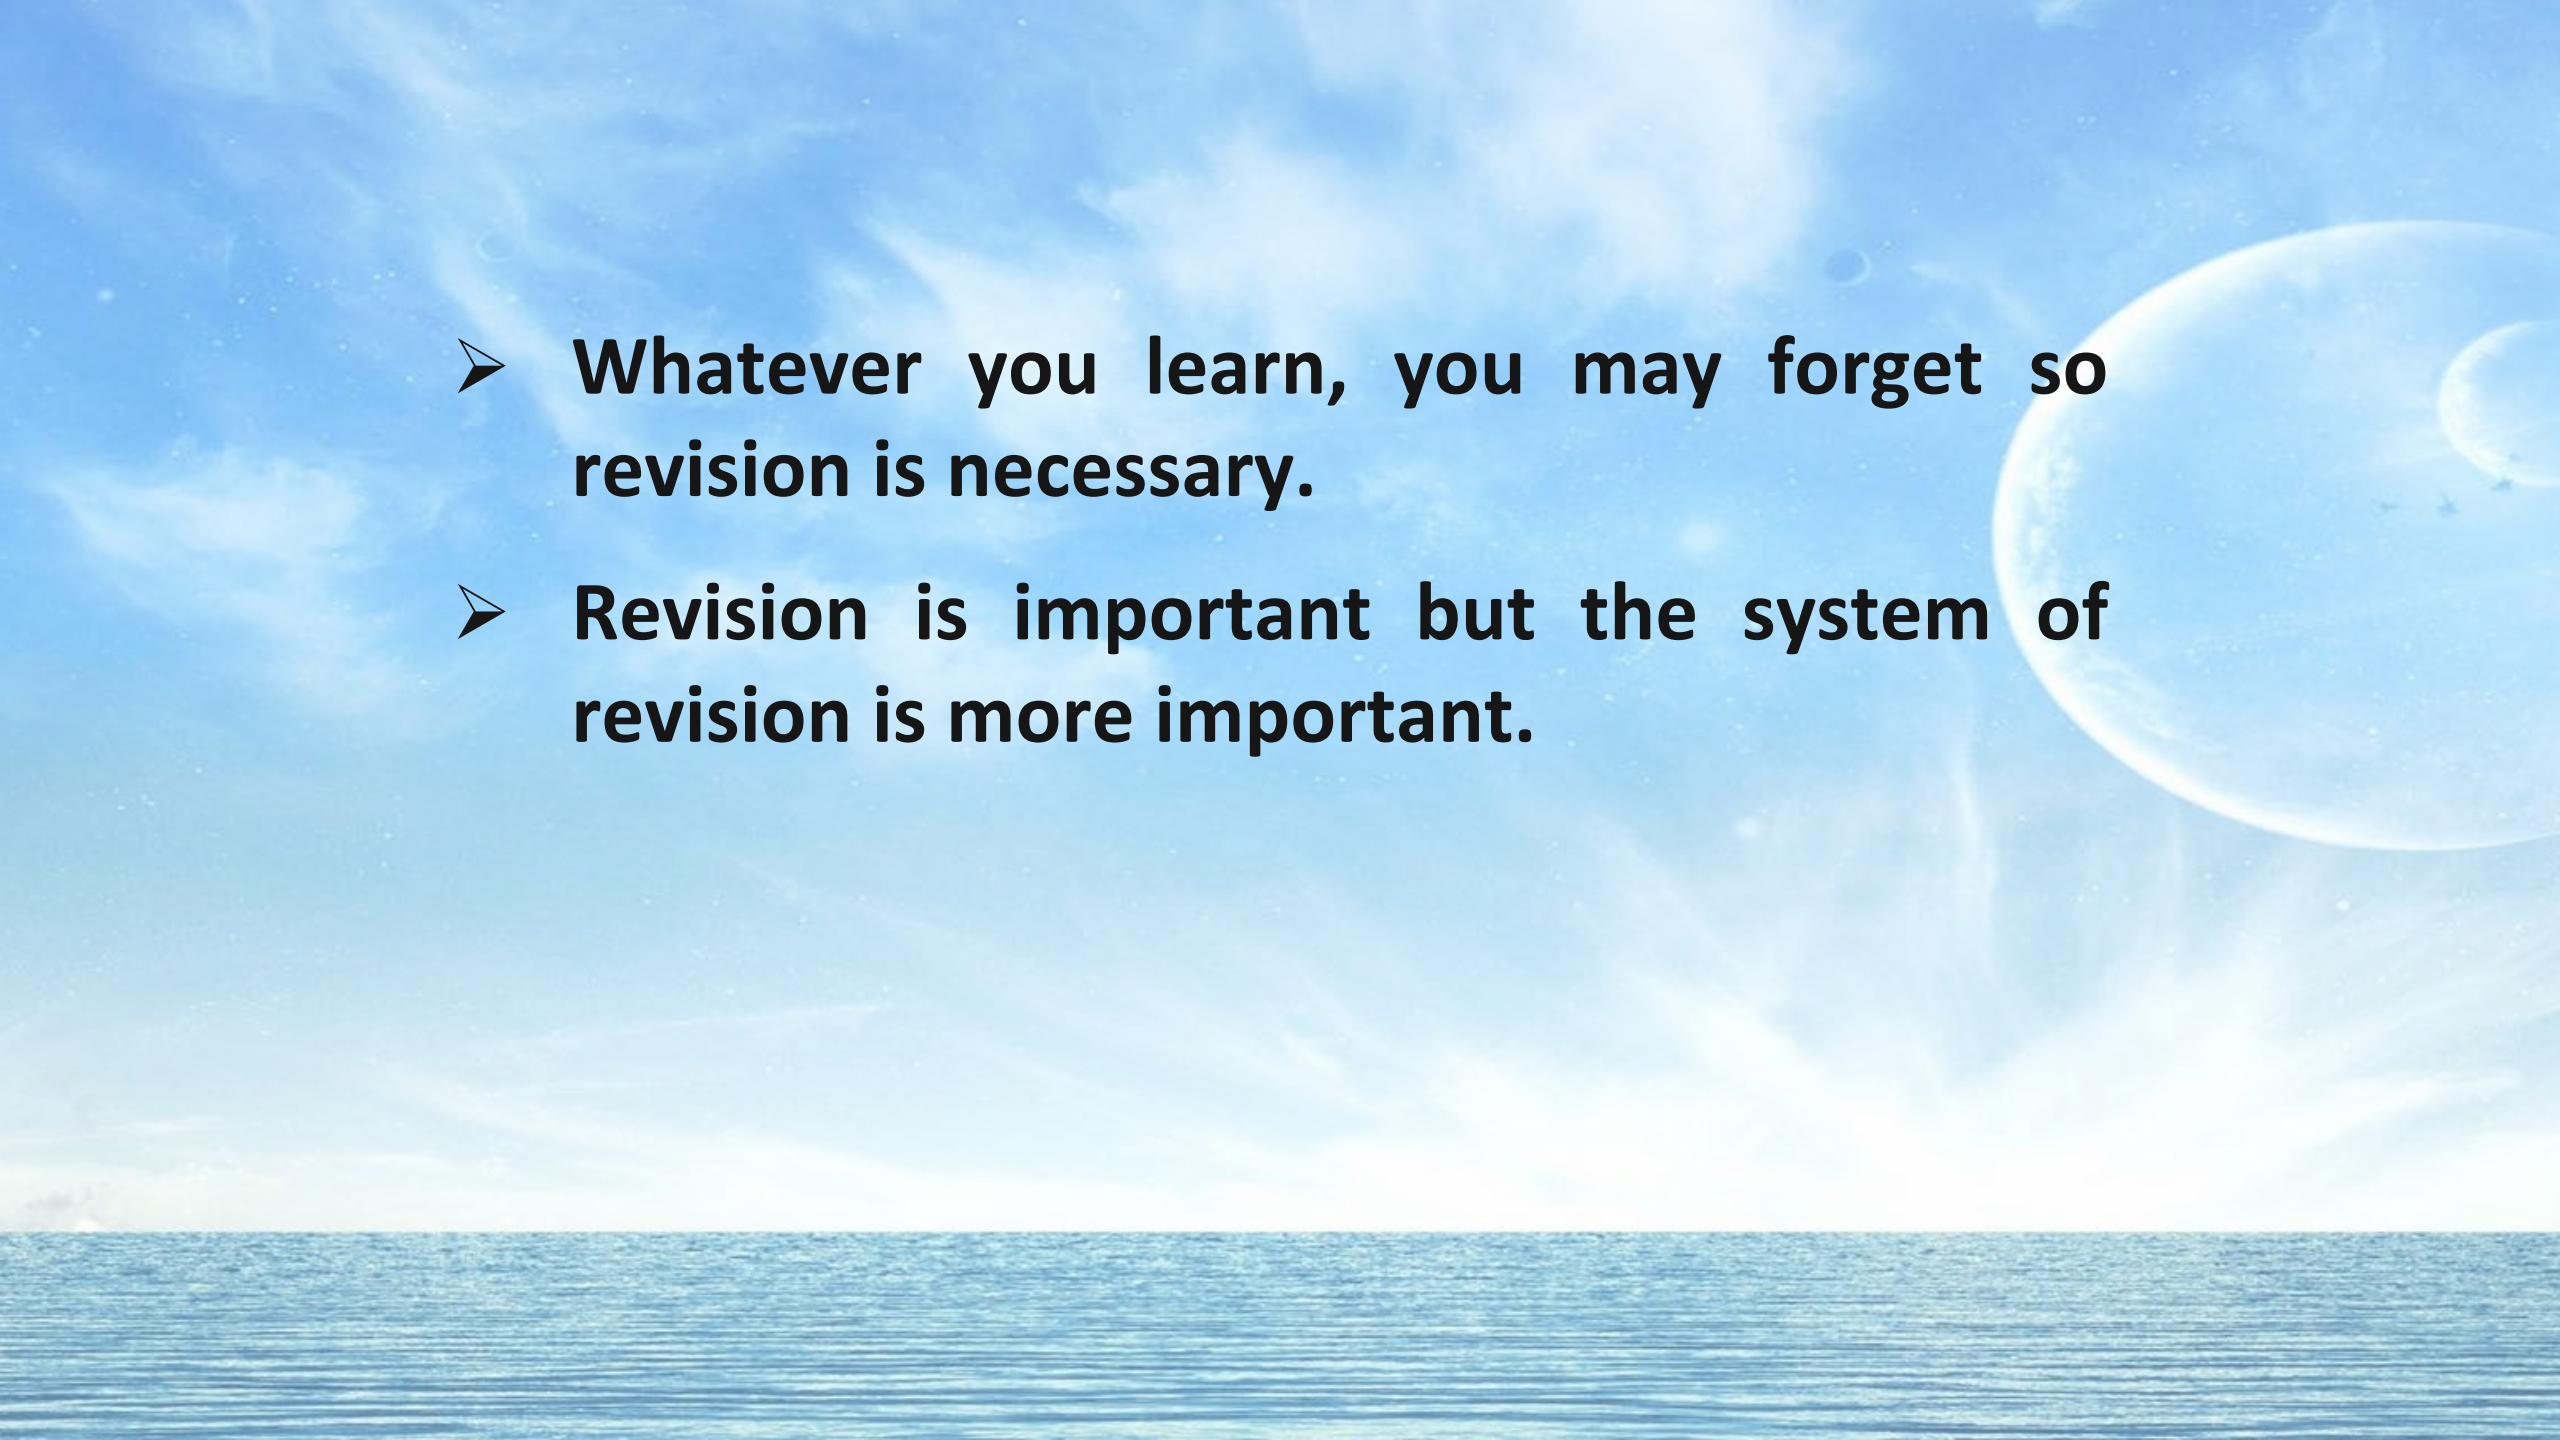

# Forgetting

Many of our friends say that they  
can't remember the meanings.

Let's study the science of  
forgetting!

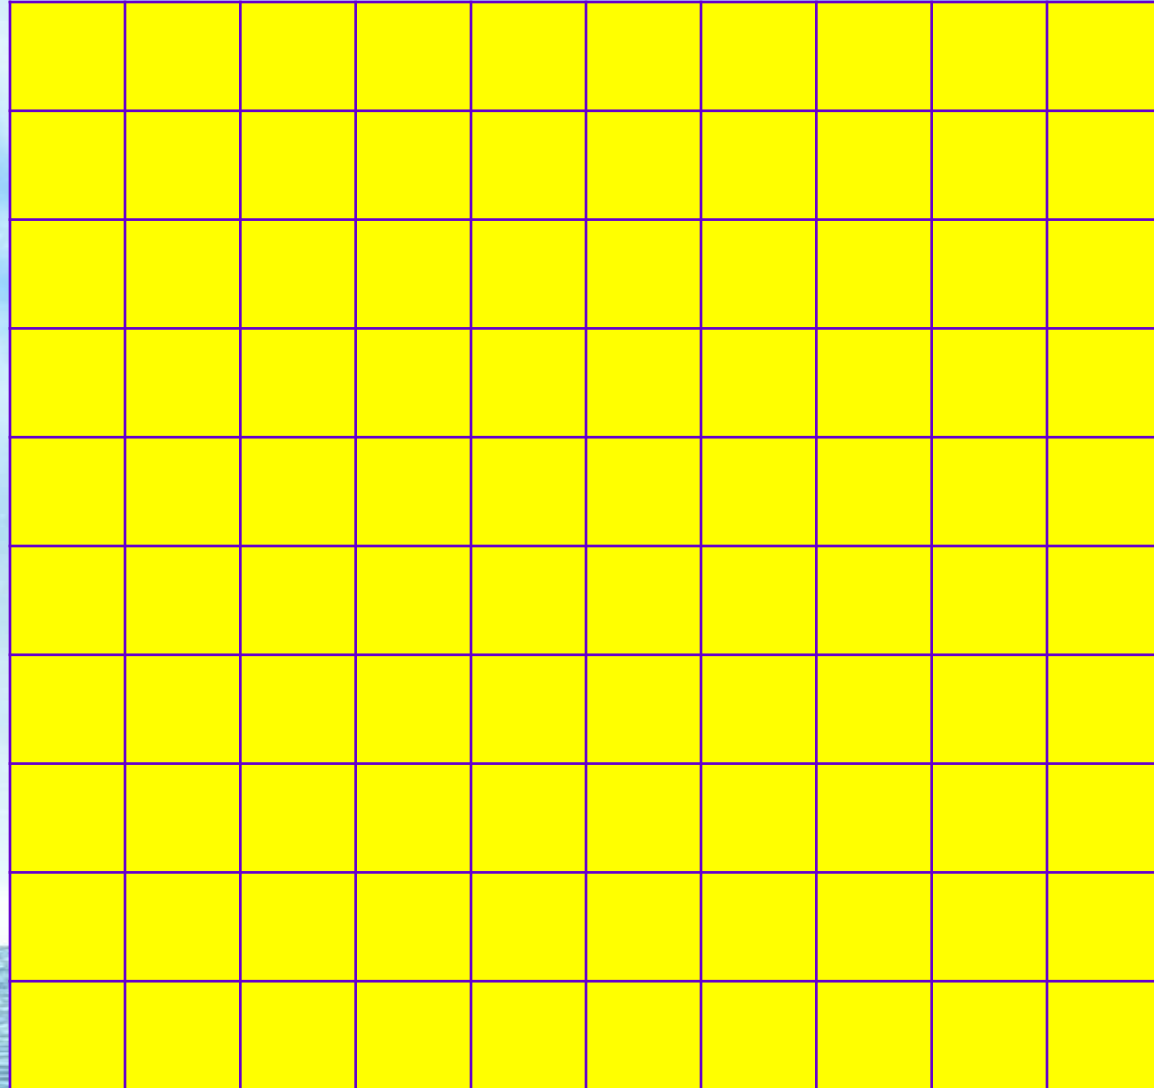

- 
- **Whatever you learn, you may forget so revision is necessary.**

- 
- **Whatever you learn, you may forget so revision is necessary.**
  - **Revision is important but the system of revision is more important.**

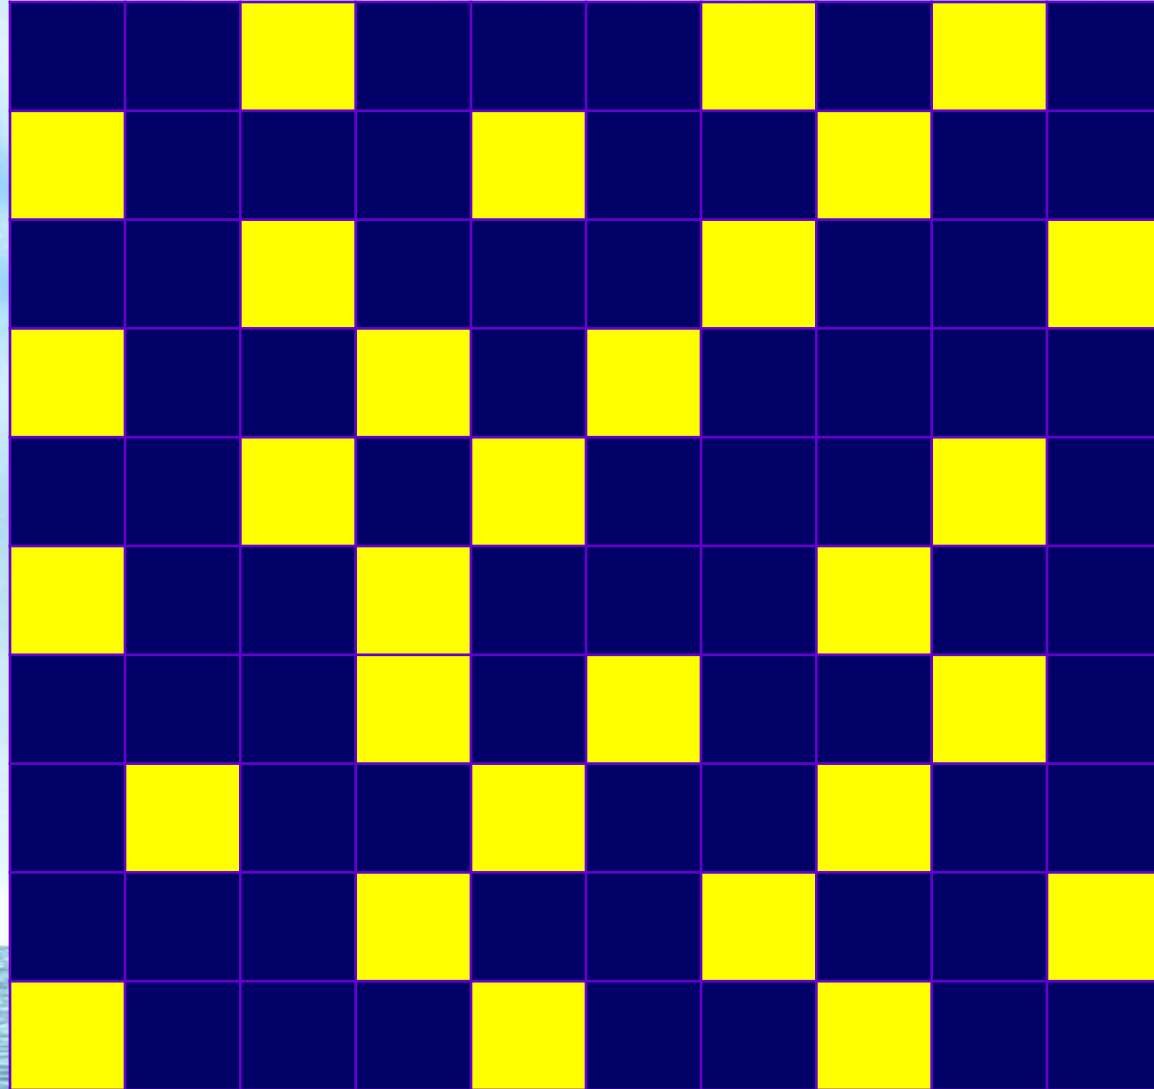

**If you learn 100 things, then:**

# If you learn 100 things, then:

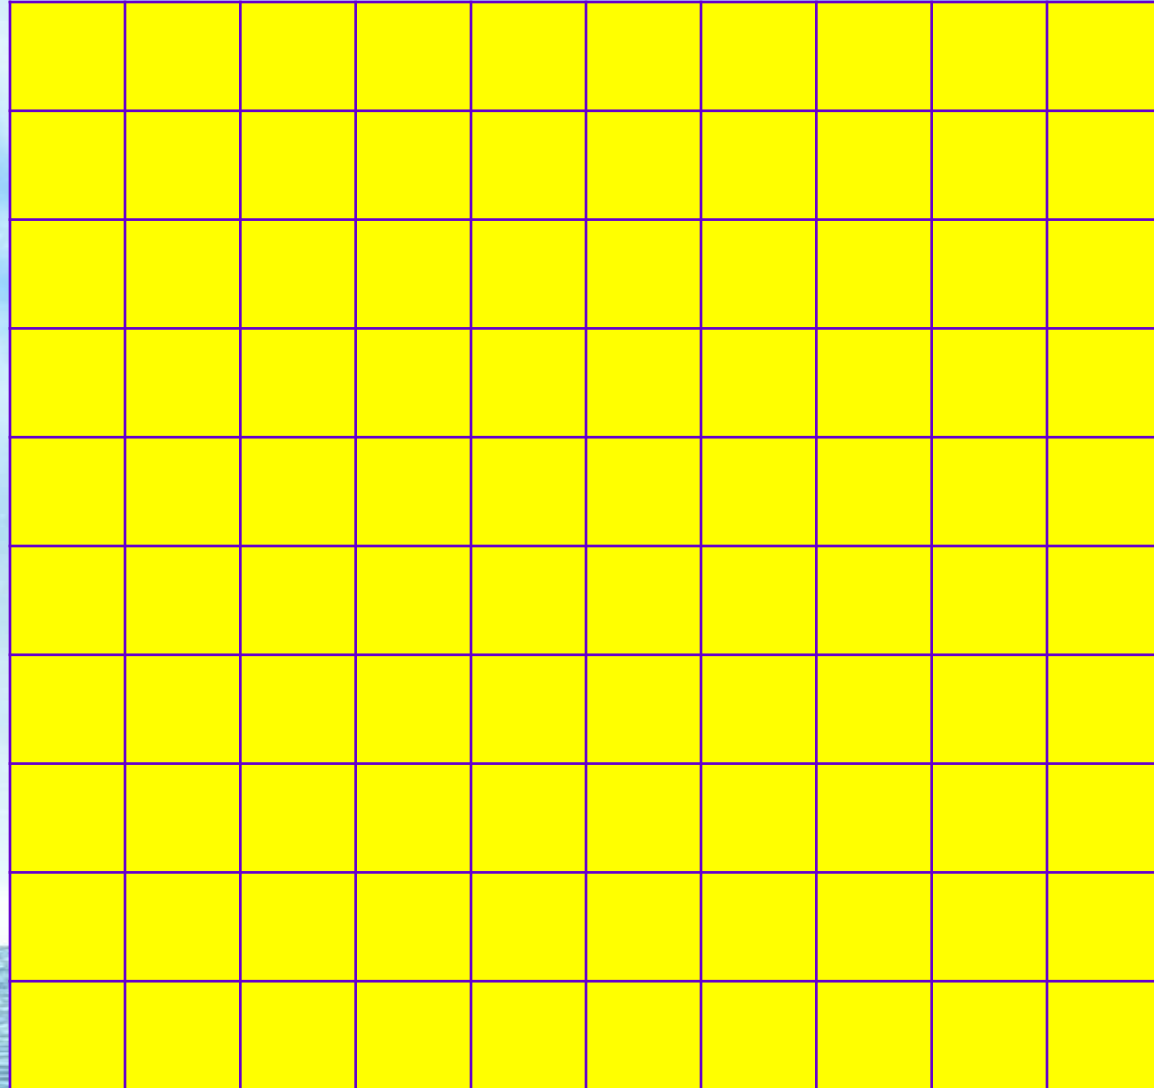

after 1 hour,  
you will forget  
70%

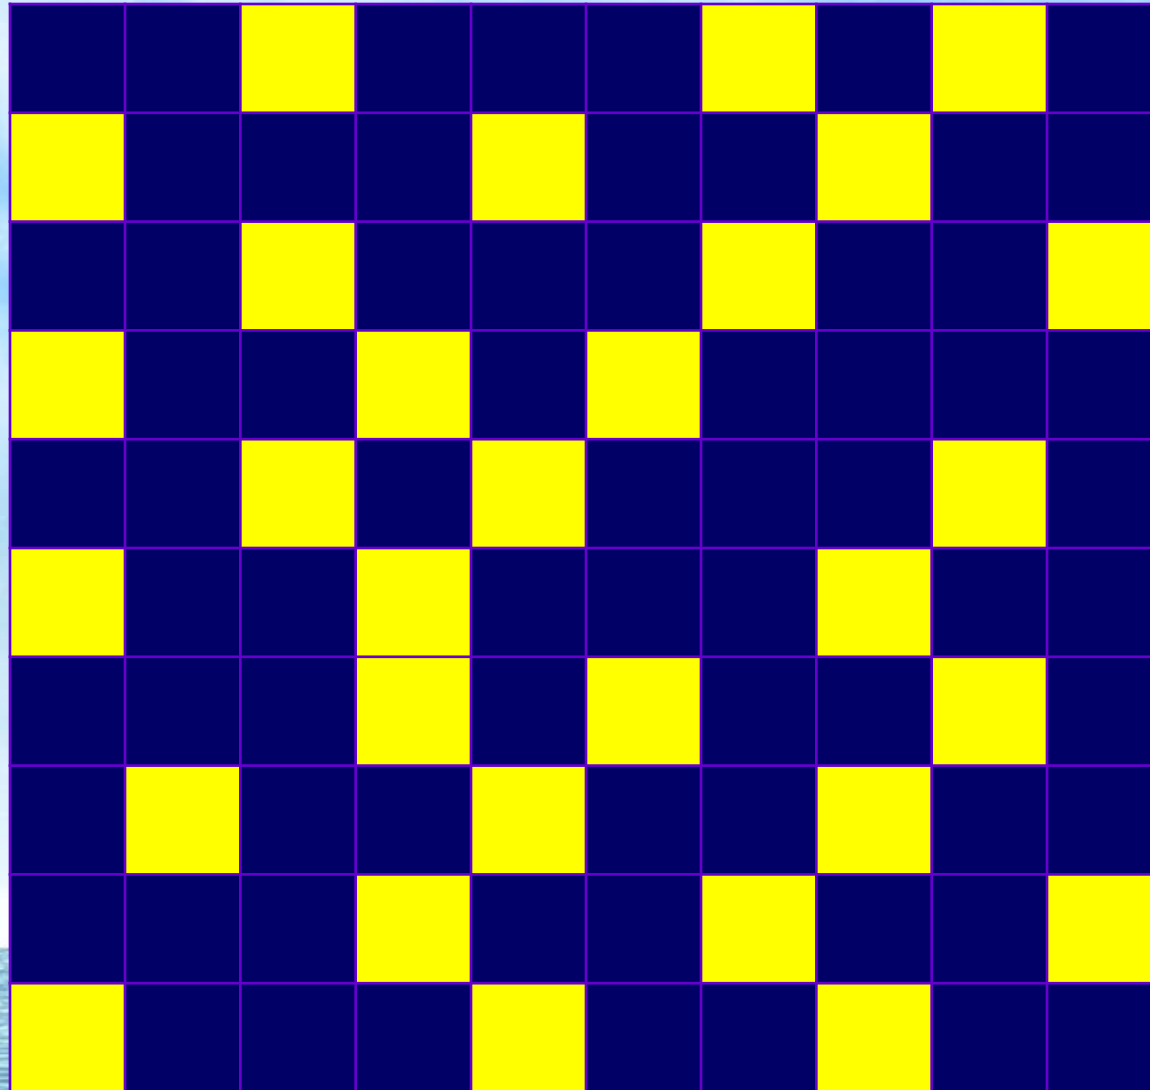

**If you revise after an hour, then you will remember it for one day, but**

- 

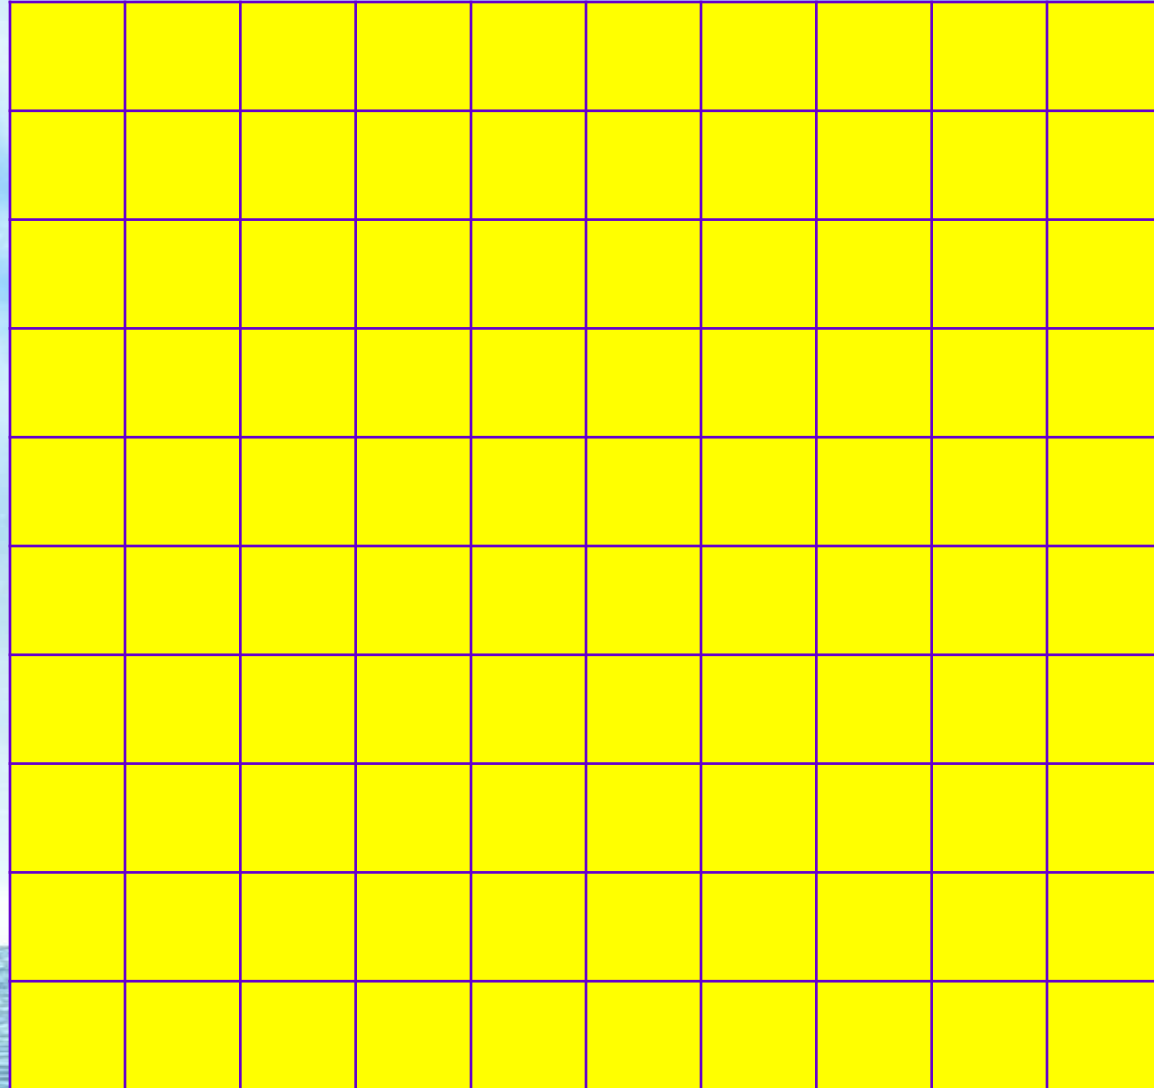

If you revise after an hour, then you will remember it for one day, but.

After one day  
you will forget  
70%

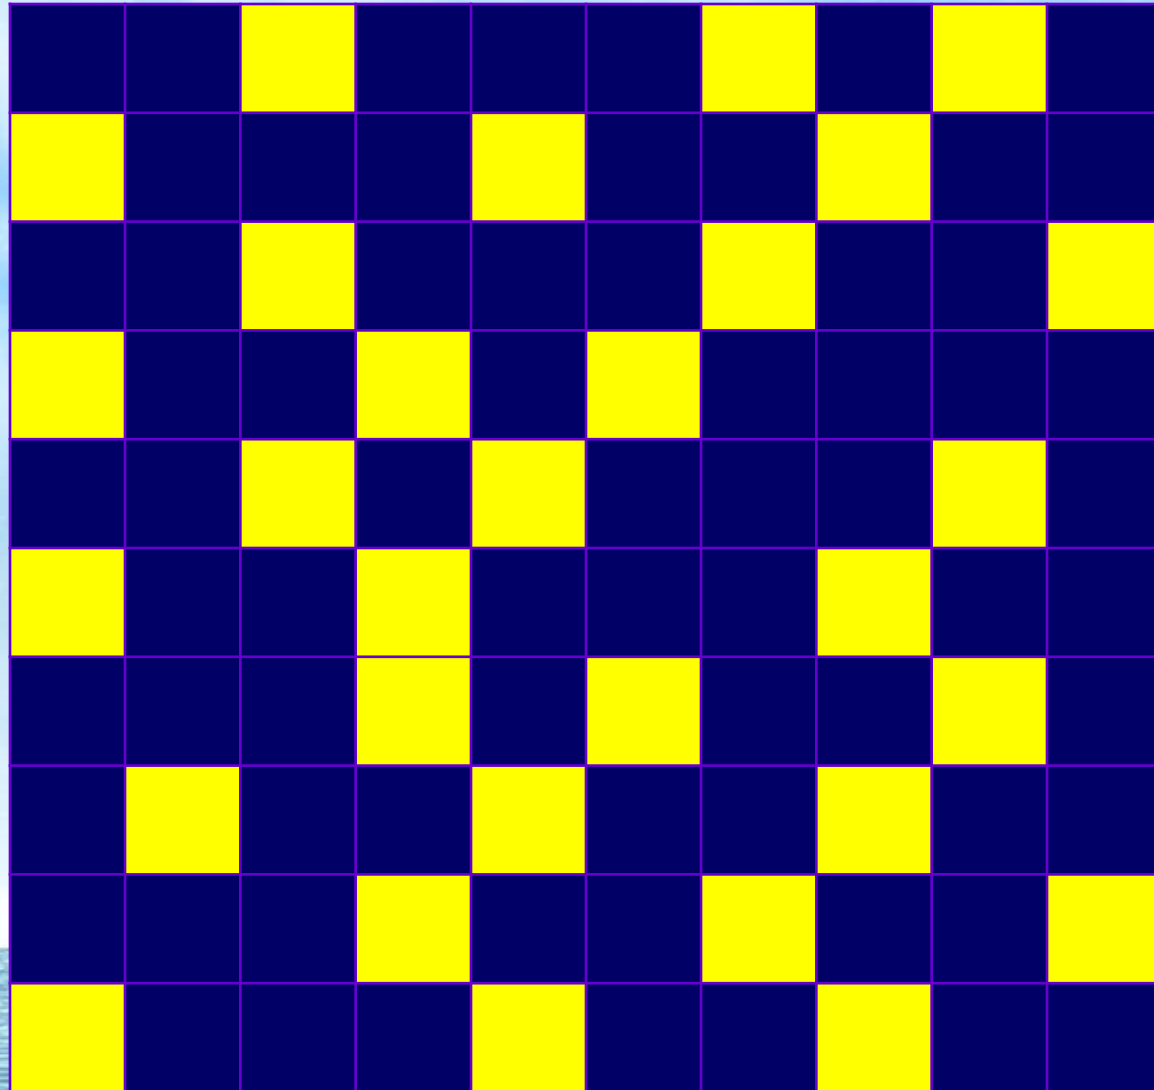

**If you revise after 1 day, you remember** •  
**it till 1 week but**

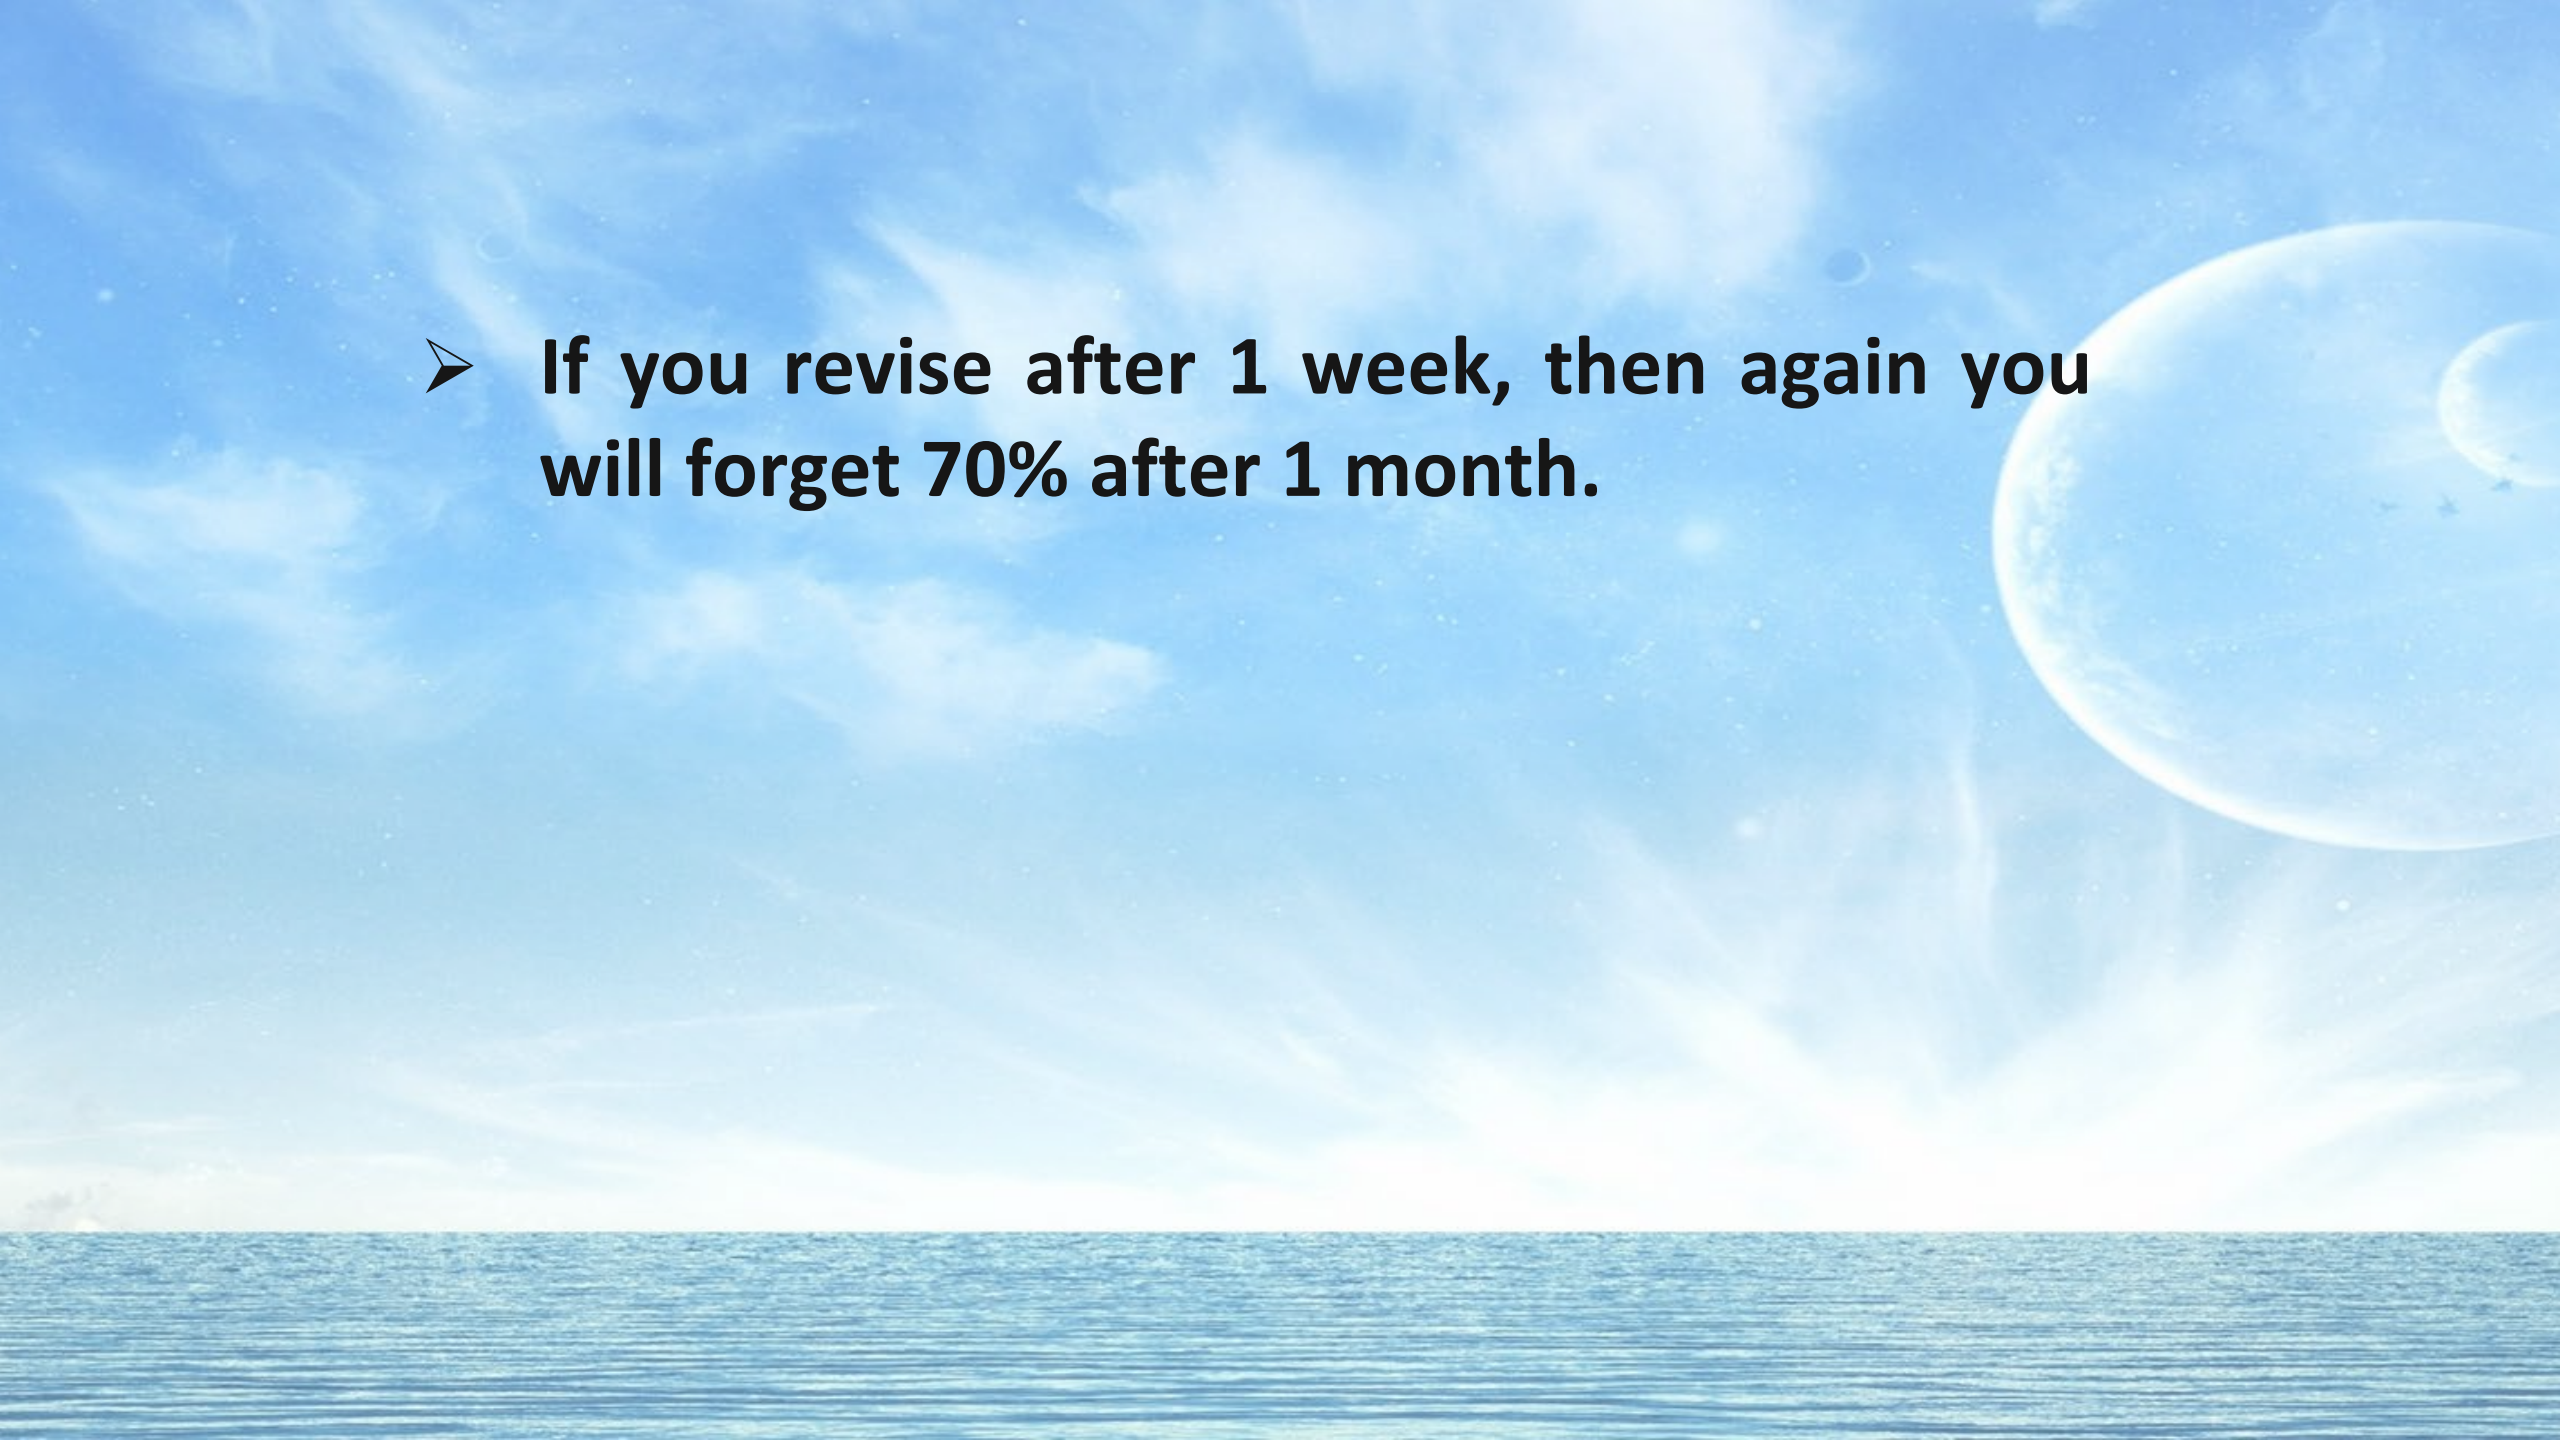

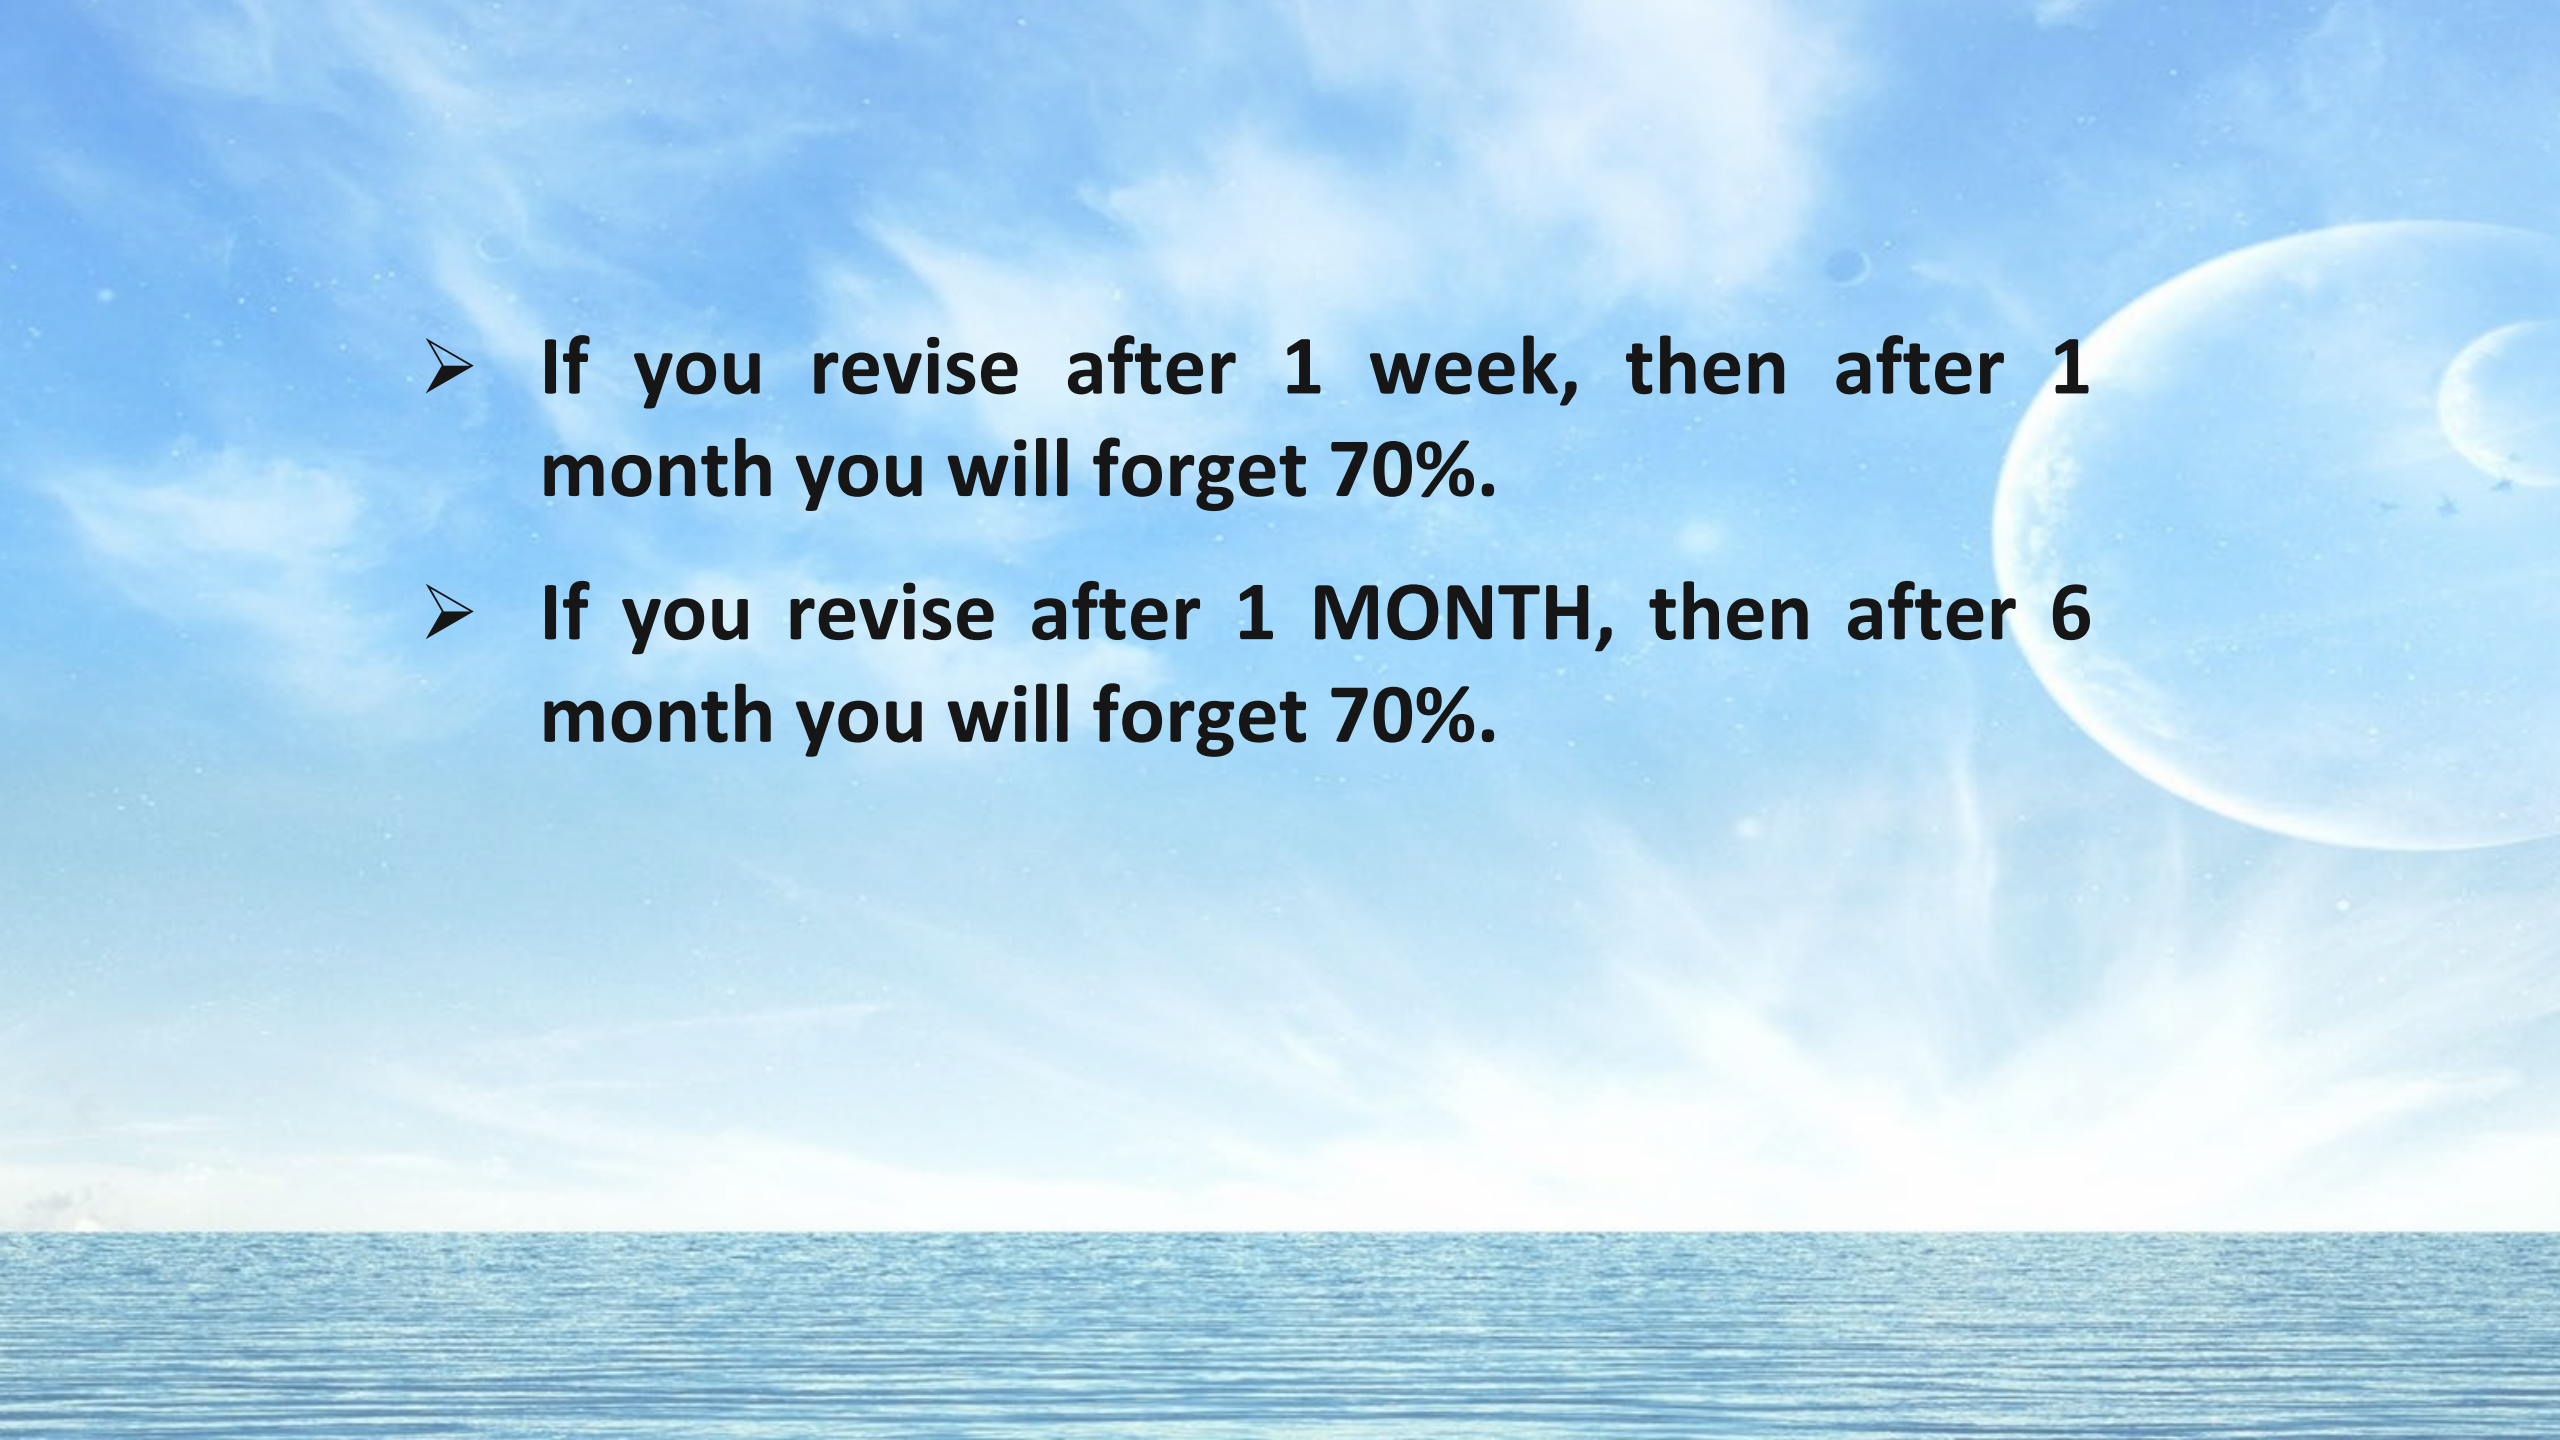

- If you revise after 1 day, you remember it till 1 week but

**After 1 week  
you will  
forget 70%**

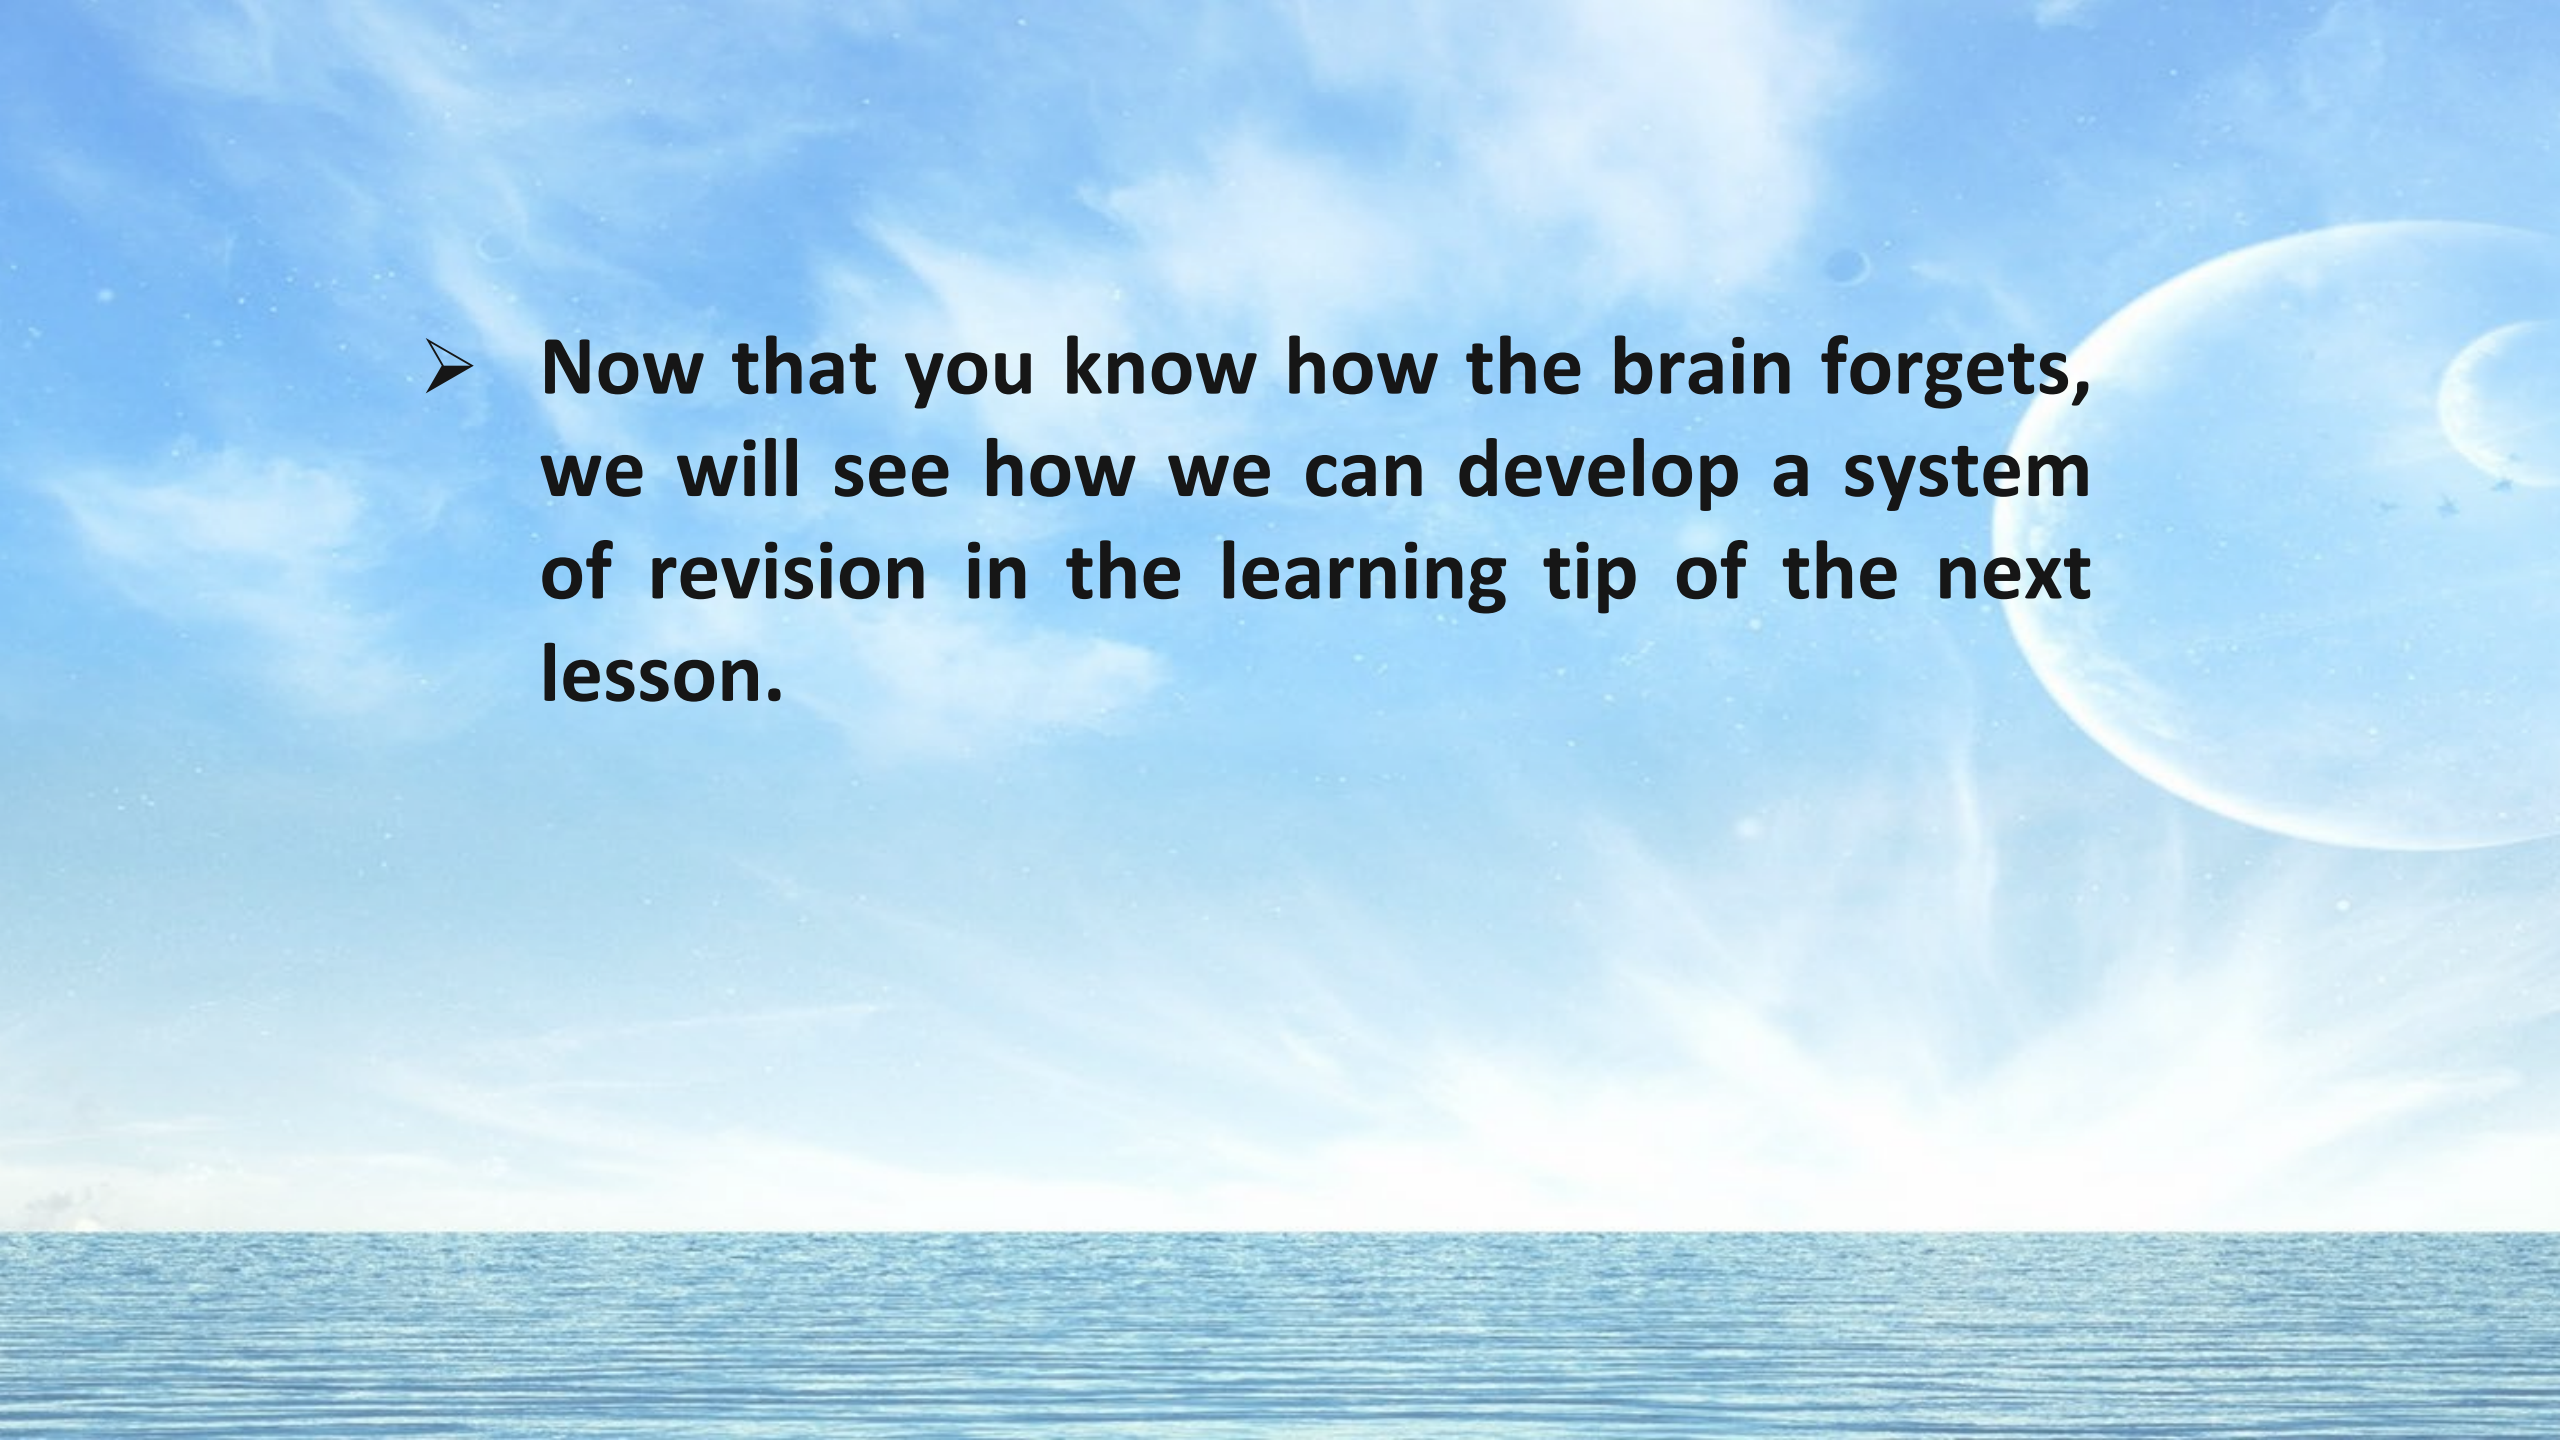

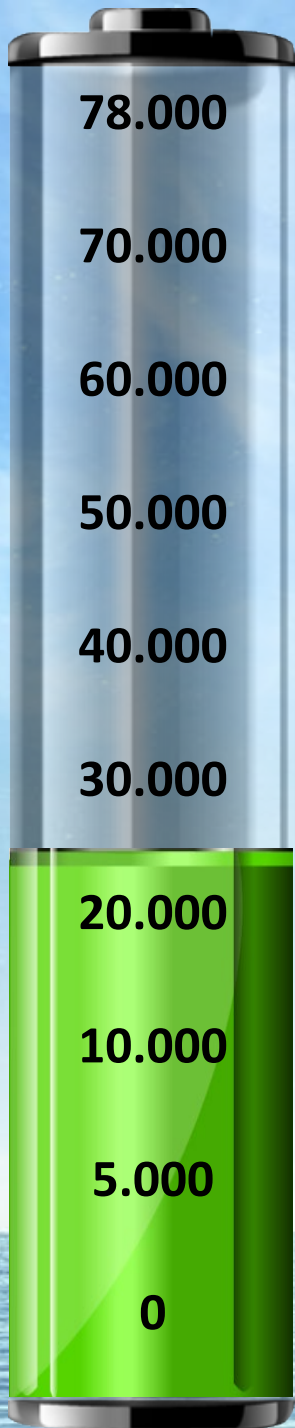

- 
- **If you revise after 1 week, then again you will forget 70% after 1 month.**

- 
- **If you revise after 1 week, then after 1 month you will forget 70%.**
  - **If you revise after 1 MONTH, then after 6 month you will forget 70%.**

- 
- **Now that you know how the brain forgets, we will see how we can develop a system of revision in the learning tip of the next lesson.**

اَلْحَمْدُ لِلّٰهِ

**Remember! By the end of 6<sup>th</sup> lesson, we learnt 63 words which occur in the Quran almost 23,267 times**

**There are 4,500 words in Quran which are repeated almost 78,000 times**
