Start Understanding Qur'an – The Easy Way (Short Course).

Dear Brothers/Sisters!

The most precious things that a man owns are his heart and his time. Time is life which can be invested in good or bad and heart is the internal compass which directs a person to use it properly through time, through days and nights.

The center of our spiritual and physical existence is our heart. All important activities are functions of heart such as Iman (faith), Ikhlaas (sincerity), love of Allah, tawakkul (trust), sabr (patience), shukr (thanksgiving), etc.

People do not want to do good things not because they don't know but because their hearts are corroded. Some people say, we should work on faith. Understanding Qur'an is not that important. But how can any other cure be better than what Allah has prescribed, as we shall see below.

The Prophet pbuh had said: Beware! There is a piece of flesh in the body. If that is good, the whole body is good and if that is corrupted, the whole body gets corrupted."

On the Day of Judgment, wealth and children will not benefit. Only the one who comes with a 'sound heart' (free from evils) [26:89] or a heart turned in devotion to Allah [50:33].

Allah says about the Qur'an, "O mankind! There has come to you an exhortation from your Lord and a healing for the (diseases) in your hearts, ..." So, Can anyone give a better cure than what Allah has prescribed?

There are other cures too such as remembering death, doing zikr and Istighfar, establishing regular prayers, avoiding sins, helping orphans and others, and committing ourselves to Islamic activities.

IN THIS LESSON, YOU WILL LEARN THE FOLLOWING:

Motivational TIP: Qur'an and heart!
