

## Motivational Tip # 12

- Allah said: “ **وَرَتَّلِ الْقُرْآنَ تَرْتِيلاً** and recite the Quran in a measured recitation.” It also means to recite slowly.
- It surely implies that we should recite it correctly too. Therefore let us make sure to learn how to recite the best way.

## Benefits of reciting with a Qari

- You can correct your madd in 3 areas:
  - (aa, ee, oo)
  - ghunnah, and
  - the longer madds
- Your brain will get used to the makharij in a better way and it will be easy for you to recite the same.
- You will get a practice of having long breaths.
- Your hesitation of recitation in front of others will go away.
- You will get confidence in your Tilawah.
- But you should get a Tajweed teacher to check your recitation. Only a listener can tell whether you are following the right makharij & sifaat of letters and other rules of recitation.
