

## Motivational Tip # 21

- Our beloved prophet ﷺ used to spend hours reciting the Quran while standing in prayer that too in the night and in every night.
- If we indeed love our Prophet ﷺ then can't we take out just 3 minutes that too during the day?

## Benefits of reciting with a Qari

- You can correct your madd in 3 areas:
  - (aa, ee, oo)
  - ghunnah, and
  - the longer madds
- Your brain will get used to the makharij in a better way and it will be easy for you to recite the same.
- You will get a practice of having long breaths.
- Your hesitation of recitation in front of others will go away.
- You will get confidence in your Tilawah.
- But you should get a Tajweed teacher to check your recitation. Only a listener can tell whether you are following the right makharij & sifaat of letters and other rules of recitation.
